CHOOSE YOUR FOCUS OF STUDY: This will be for your IVAS Certification. AVAC offers the ability to specialize your area of focus for your certification. You may choose to focus on small animals, equine or both. Your area of focus will determine your certification and you will need to choose this when you register for the course. This allows AVAC to tailor the hands-on labs for your area of study. IVAS and AVAC do recommend a focus on both small and large animals as this affords you the greatest opportunities in the future.
